Building a foundation —

News from Uwe

Chi Alpha Campus Ministries @ UCLA

“Who despises the day of small things?...” (Zechariah 4:10)

Greetings!

It is the end of October, and we only finished the first month of classes. UCLA starts their quarter unusually late at the end of September. Despite the short time, God is already working in many ways, establishing a foundation at UCLA to reach the nations.

In late September we moved into our new office just across from campus. We are using the facilities for most of our activities. What a tremendous blessing! All other groups at UCLA are struggling with inconsistent meeting places that are difficult to reserve.

Five years ago I was one of 8 students at MU, when God started to move on Mizzou. At UCLA, there were only 3 students involved, when our team came in. In our first three services and our first activity, we averaged 25 people. We are establishing meaningful relationships with those students, are making contacts with people on campus, and are encouraging everyone to bring friends. We are building a foundation. **Let the revolution begin.**

Thank you so much for your continued support, financially and in prayer. You are part of what God is doing at UCLA! Thank you for standing together in the gap for the sake of Christ.

Coffee Give-Away

We gave away free coffee and free hot chocolate in the first week of classes.

One of the students we met is Matt Siegler. He has a background similar to mine: Physics student, grew up Catholic but wasn't really involved, and he studied in Switzerland (not quite Germany...). What a divine connection!

Taco Fiesta

At our second successful outreach we gave away 300 free tacos, many sodas and water.

We played many games, such as hula hoops, etc. Many prizes were given away. A photographer of the student newspaper called 'Daily Bruin' took pictures. The next day, a photo of our event and our name was on the frontpage! Praise God.

Making Contacts at BruinWalk

UCLA:

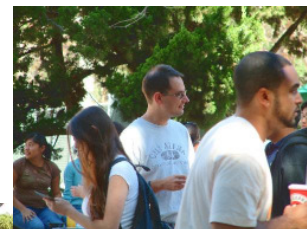

- 42,000 students,
- all 50 states are represented,
- students from 140 nations.

Every day, literally thousands of students are walking Bruin Walk in the middle of campus. We see many nations, many cultures, many backgrounds represented.

Many organizations are there. But only we have the true answer to life.

At least three times a week we have a contact table on campus:

- giving out flyers,
- talking to students,
- touching lives,
- inviting the neglected.

Prayer Requests:

- Quality relationships with students; divine appointments; divine connections
- Favor with the UCLA administration
- Salvations and anointed weekly services, Bible studies, contact table, etc.
- Supernatural revelation of Christ to the UCLA community
- Increased support and offerings.

Updates...

- I was studying Berean courses with Global University to be certified. I just finished the course work for this level. Soon I will start the course work for the next level (being licensed)
- Several of us are still traveling every Sunday to churches in the Southern California District. Everywhere people are excited and encouraged about Chi Alpha at UCLA.
